- (b) If the certification of origin covers a single shipment of a good, indicate, if known, the invoice number related to the exportation.

7. Origin Criterion

Specify the rule of origin under which the good qualifies.

Preference Criteria Annex 3-D

A The good is "wholly obtained or produced entirely" in the territory of one of the Parties.

B The good is produced entirely in the territory of one of the Parties exclusively from originating materials. Under this criterion, one or more of the materials may not fall within the definition of "wholly obtained or produced entirely", but each of these materials used in the production of the good satisfies any applicable change in tariff classification requirement, production process requirement, regional value content requirement, or any other requirement specified before inclusion in the production

C The good is an originating good if it is produced entirely in the territory of one or more of the Parties by one or more producers using non-originating materials, and:

(a) each of the non-originating materials used in the production of the good satisfies any applicable change in tariff classification requirement, production process requirement, regional value content requirement, or any other requirement specified in this Annex; and

(b) the good satisfies all other applicable requirements of Chapter 3 (Rules of Origin and Origin Procedures).

8. Blanket Period

Include the period if the certification covers multiple shipments of identical goods for a specified period of up to 12 months as set out in Article 3.20.4 (Claims for Preferential Treatment).

9. Authorized Signature and Date

The certification must be signed and dated by the certifier and accompanied by the following statement:
